

Bus and Pontoon Services during the Cullen Bay Lock Closure

Cullen Bay Marina Management Corporation is undertaking repair work on the Cullen Bay lock from 28 September 2009 for six weeks.

The Department of Planning and Infrastructure (DPI) is working with the corporation to help minimise the effects the maintenance work will have on the public.

Car Parking

During the works a section of the car park adjacent to the ferry terminal will be closed. This will allow the Cullen Bay Marina Management Corporation to carry out repairs to the lock on-site, minimising the time the work will take.

People are encouraged to utilise other car parks in Cullen Bay during this time.

The scheduled Cullen Bay route 14 bus service will transport people between the ferry terminal and first car park for free while the repairs take place.

Bus and Taxi Services

Bus and taxi services will continue to the Cullen Bay Ferry Terminal as normal.

A temporary bus stop adjacent to the first car park in Cullen Bay will also be installed.

Route 14 Timetable			
Departs Darwin	Marina Blvd Stop	Ferry Bus Stop	Arrives Darwin
6.45am	7.03am	7.05am	7.15am
7.25am	7.38am	7.40am	7.50am

Cullen Bay Pontoon

The Cullen Bay Pontoon will continue to operate as normal during this period.

Ferry and fuelling services will continue as normal and vessels will continue to pick up and drop off passengers from the pontoon.

No vessels (except the ferries) will be permitted to moor overnight at the pontoon.
